LETTER

This letter is to document the fact that Applicant's representative has placed telephone inquiries to Examiner Yang on two occasions as to the status of the Request for Withdrawal of the Finality of the Last Office action as Being Premature, which was submitted on January 16, 2008, for the above-referenced application. Examiner Yang has kindly responded to both inquiries, his latest response coming in the form of a telephonic voicemail on Thursday, April 3, 2008, wherein he confirmed that the Request was granted and that an Office action would issue in the near future. Applicant greatly appreciates the Examiner's prompt response, yet is concerned that the lack of written documentation evidencing the grant of Applicant's Request may result in the above-captioned application becoming abandoned. Accordingly, Applicant respectfully requests that the Patent Office provide Applicant with a document reflecting the fact that Applicant's Request has been granted.

Respectfully submitted,

Date: April 16, 2008
